WASSCE 2022 Result

WAEC had released their 2022 result. To the Glory of God our students performed wonderfully. The result analysis will be released for your perusal when the school gets their copy of the result. We are equally trusting God that few students whose results were held will soon be released. We are making necessary moves to that effect

BECE 2022 Result

Equally the Basic Education Certificate Examination result for JSS 3 has been released. We also thank God that our students' performance is also good. The students should come for clearance and collection of their result as it is a requirement for admitting them into SS 1.

Holiday Classes for SS 2 Students

Sequel to constant disruption in the academic calendar as a result of civil unrest. The school had mounted a holiday lesson for SS 2 students to enable them cover the WAEC and NECO syllabus properly and also drill them for series of external exams before them.

School Fees Increment

The Alvan Ikoku Federal College of Education Management on its 252nd meeting in January decided to increase the school fees a little as a result of high rate of inflation in the country. Please bear with us. This is to enable us serve you better.

Compulsory Book Deposit for all Classes

All classes except JSS 1 and newly admitted students, are required to pay a compulsory book deposit of ₦15,000.00 to procure textbooks, viz English, Mathematics etc It was observed that many students lack English and Mathematics textbooks long after the session has began. This affects effective teaching and learning. The book deposit does not cover all the needed textbooks, it's only the core subjects. The remaining books can be purchased at will which are also very important.

Uniforms

Wearing of school ties and long sleeve school shirt will be mandatory next term. This is the newly recommended uniform for first day of the week. The shirt and tie will cost ₦3,000.00 This is available at the uniform unit.

Promotion into the Next Class

The standard score for promotion is 50% average including English and mathematics, any student who scores less than that is deemed to have failed and will repeat the class

Lateness to school

Lateness to school affects learner's preparedness to learn. Bring your child to school early. School gate closes by 8:30am after which any late comer should go home.

Cell phones

Cell phones are highly prohibited in the school premises for students. Any cell phone found in the custody of any student in the school will be **DESTROYED**.

First Term Fees

Endeavour to pay your child/wards school fees to help us serve you better. Fee drive comes three weeks after resumption. Debtors will not be allowed into the classes. Our God will surely provide for you. Find attached the breakdown of the next term fees.

Conclusion

May the Almighty God bless, protect and provide for you now and ever more. Remain Blessed.
